***Groundbreaking for State-of-the-Art Rehabilitation and Skilled
Nursing Community***
Rocky Mountain Care's Newest Facility Planned in Heber

The Rocky Mountain Care Mountain View facility will be a 92-bed community that is scheduled to open in the summer of 2018, replacing the current, 27-year-old facility. It was designed by TSA Architects of Salt Lake City with Ascent **June 12, 2017—Heber City, Utah.** Rocky Mountain Care Mountain View in Heber will break ground on its newest facility on **Thursday, June 15.** The facility will be a state-of-the-art rehabilitation and skilled nursing community, dedicated to the healing and recovery of its residents and patients.

The new facility will be located at **544 East 1200 South in Heber City.** The new 51,000 square-foot facility is designed to meet the skilled nursing or rehabilitation needs for the residents of both Wasatch and Summit Counties for today and well into the future.

The new building will include professional therapy services, a caring home-like environment, and the most up-to-date treatments to help focus the patients' recovery process. For residents, the center offers on-site services including a beauty salon and an ice cream shop, and a full calendar of activities planned with the on-site recreation director. Fine dining, quality care, Wi-Fi and a highly-trained staff will round out the patients' time at Mountain View.

Rocky Mountain Care/Mountain View is the only skilled nursing and rehabilitation integrated facility in both Wasatch and Summit Counties. This will be a state-of-the-art facility that will accommodate a patient's needs well into the future.
